FOR IMMEDIATE RELEASE

SLAB REPLACEMENT ON I-15 IN CAJON PASS

San Bernardino County – Caltrans will begin a project on Tuesday October 11, 2005 to replace approximately 119 concrete slabs on Interstate 15 in the Cajon Pass. The limits of the project are from Cleghorn Road to Oak Hill Road. The work will take place at night and will require lane closures for approximately 1-1/2 miles in length. Closures on the southbound I-15 begin on October 11th and will shift to the northbound I-15 on October 24th. The closure schedule is listed below:

- ✓ Southbound I-15 will have two lanes closed Tuesday through Thursday (October 12-14) from 7:00 p.m. to 5:00 a.m. The week of October 17th will have lane closures Monday through Thursday from 7:00 p.m. to 5:00 a.m.
- ✓ Northbound I-15 will have two lanes closed Monday through Thursday, beginning October 24th, from 10:00 p.m. to 6:00 a.m.

The project is expected to be complete by the end of October 2005. The slab replacement is a result of deteriorated pavement and the work is required before winter.

Cell phones are a major distraction. When you see the orange cones ahead, plain and simple, it's time to hang up. No phone call is worth a life. It's a very small inconvenience you can easily live with. No phone in the cone zone.

For more information on roadwork, please go to our website at www.dot.ca.gov/dist8 and go to "Press Releases". You may also call our Public Affairs office at (909) 383-4631.

SLOW FOR THE CONE ZONE!
